Tuition Comparison within the Iowa Community Colleges

Table 1 demonstrates how the average annual tuition for Iowa Community Colleges continues to become more uniform across the state. Iowa code limits the total tuition for Iowa residents attending community colleges so as not to exceed the lowest tuition rate per semester charged by a regents' institution for a full-time resident student.

- Since 1993, the difference from the highest annual tuition to lowest annual tuition has decreased from $626.00 to $270.00.
- Over this period of time, those with the highest annual tuition increased $364.00 or 21% while the lowest annual tuition increased $720.00 or 65%.
- The total increase in annual average tuition over the time period from 1993-2001 is $489.00 or 34%.
